

KISHORE P

Full Stack Developer | Software Engineer | Web Developer

Phone: +91 8807082884 | Email: kishore15062006@gmail.com | Location: Coimbatore, India

LinkedIn: linkedin.com/in/kishore15062006 | GitHub: github.com/kishore15062006

PROFESSIONAL SUMMARY

Enthusiastic Full Stack Developer and Third-year Computer Science student with hands-on experience in building, and deploying production-grade web applications using React, Spring Boot, MySQL, and MongoDB. Built a full stack farmer-to-consumer marketplace covering end-to-end features from UI to database supporting 3 user-roles with 40+ endpoints. Eager to contribute my problem-solving skills and a passion for scalable web development, while consistently upgrading my skill set and learning new technologies.

SKILLS

Programming Languages: C, C++, Java, Python, SQL

Frontend Technologies: HTML5, CSS3, React, Tailwind CSS, Framer Motion, Responsive Web Design

Backend Technologies: Spring Boot, RESTful APIs, REST, JWT Authentication and Authorization

Databases: MongoDB, MySQL, Firebase, Database Design

Cloud and DevOps: Git, GitHub, Version Control, CI CD

AI and Data: Machine Learning, Computer Vision, OpenCV, Image processing, Natural Language Processing

SOFT SKILLS

Communication, Cross-Functional Collaboration, Technical Leadership, Rapid Skill Acquisition, Design Thinking

WORK EXPERIENCE

Freelance Full Stack Developer | June 2025 to Present | Coimbatore, India

- Developed production grade software projects end to end, managing requirements, design, development, testing, and deployment phases independently
- Developed full-stack agriculture marketplace built with React, Spring Boot, and MySQL, connecting farmers with buyers, and delivery agents through a secure, role-based system across three user roles (Farmer, Buyer, Delivery Agent).

Software Developer Intern | April-May 2026

- Assisted in building and testing full-stack features for a live web application, working with REST APIs, database integration, and Agile development practices under senior developer guidance.

PROJECTS

Farmer-to-Consumer Marketplace: lets farmers list products directly for consumers to order easily.

IT Helpdesk & Attendance System: manages attendance and support tickets with role-based access.

Course Learning System: full-stack LMS for course creation, enrollment, and progress tracking.

Farm Management Portal: helps farmers manage crop, livestock, resource, and activity data with insights.

EDUCATION

Bachelor of Technology in Computer Science and Business Systems | 2024 to 2028

Sri Krishna College of Engineering and Technology, Coimbatore | CGPA: **8.80** of 10.0 (1st to 4th semester)

Higher Secondary School Education | 2023 to 2024

SRGDS Matriculation Higher Secondary School, Tiruvannamalai | Percentage: **92.16%** (553 of 600)

Secondary School Education | 2021 to 2022

SRGDS Matriculation Higher Secondary School, Tiruvannamalai | Percentage: **94.6%** (473 of 500)

ACHIEVEMENTS AND CERTIFICATIONS

- **Achievements:** Recognized as a Top 10 Finalist team in Datathon 2026 (CIT Coimbatore), a national-level competition.
- **NPTEL:** Python for Data Science, Design Thinking and Innovation, Soft Skills and Entrepreneurship
- **Certifications:** Software Engineering, Database and SQL, Advanced Java Programming, Data Structures and Algorithms
